

KANNAN KS

Karur, Tamil Nadu, India | +91 9345616196 | kevinkskannan@gmail.com [linkedin.com/in/kannan-selvam-289427293](https://www.linkedin.com/in/kannan-selvam-289427293) | github.com/kskannan-git

PROFESSIONAL SUMMARY

Electronics & Communication Engineering scholar driven to seamlessly integrate intelligent software with robust hardware. Operating at the nexus of AI, IoT, Embedded Systems, and VLSI Design to engineer sustainable solutions for complex global challenges. Experienced as an ISRO Student Ambassador, GDG member, and a technical mentor. Proven track record in premier hackathons, including a Top 10 Grand Finale placement at the Agritech Hackathon and National Level Selection at the India Tech Summit 2026. Passionate about harnessing deep tech to architect intelligent systems that drive meaningful progress.

CORE COMPETENCIES

- **Programming Languages:** Python, VHDL, Java
- **VLSI & Digital Design:** VLSI Design, PCB Design, Circuit Design
- **Tools & Simulation:** MATLAB, VIVADO, Proteus, Arduino, ANTIGRAVITY, Canva
- **Electronics Fundamentals:** Embedded Systems
- **Technologies:** AI, IoT, Networking

PROFESSIONAL EXPERIENCE

VLSI Intern *EDU TANTR*

Aug 2025 – Nov 2025

- Designed, simulated, and optimized practical VLSI circuits, contributing to core project deliverables and improving design efficiency.
- Executed RTL coding and synthesis tasks under expert mentorship, achieving a solid foundation in industry-standard electronics workflows.

VLSI Design Intern *CORIZO*

- Developed and verified digital circuit implementations using Verilog/VHDL, achieving 100% functional accuracy in RTL design simulations using Cadence tools.

Embedded Systems Intern *National Internship Portal*

- Programmed and integrated hardware-software components for embedded systems, reducing system latency and ensuring seamless module communication.

PCB Design & Fabrication Intern *Enthu Technology Solutions*

- Engineered schematic designs and routed PCB layouts using EAGLE, successfully generating manufacturing-ready Gerber files for custom electronic prototypes.

LEADERSHIP EXPERIENCE

ISRO Student Ambassador

World Space Week 2025

- Contributed as an active participant during the ISRO Project Explanation programme.
- Explained India's satellite production to students, inspiring the next generation in STEM.

Member *Google Developer Groups (GDG)*

- Active member of the Google Developer Groups, collaborating with peers and engaging in tech community events.

National Service Scheme (NSS) Member

- Dedicated member of the NSS, actively participating in community service and social development activities.

KEY PROJECTS

- **Crop IQ – Smart Agriculture Planning**
 - Engineered an AI-driven decision support system, optimizing agricultural planning and increasing predictive accuracy by 25%.
 - Integrated multi-point soil sensor data and real-time weather APIs to deliver precise, site-specific crop recommendations.
 - Maximized crop yield efficiency by an estimated 20% and reduced resource waste by leveraging Arduino, IoT, and AI/ML models.
- **AI-Powered EDA Assistant**
 - Architected an intelligent software platform to streamline electronic circuit design, analysis, and validation, reducing design iteration time.
 - Deployed a virtual design assistant capable of transforming complex circuit requirements into optimized, AI-driven solutions with high accuracy.

- Leveraged React, FastAPI, and Google Gemini to build a robust full-stack solution, ensuring seamless API integrations and a responsive UI.

EDUCATION

Paavai Engineering College Bachelor of Engineering in Electronics and Communication Pursuing with 9.5 CGPA

Arumugam Academy Matric Hr. Sec. School HSC Completed with 85% in 2023

Arumugam Academy Matric Hr. Sec. School SSLC Completed with 80% in 2021

CERTIFICATIONS & ACHIEVEMENTS

Achievements

- Selected for National Level Hackathon at **India Tech Summit 2026** for 'Crop IQ'
- Top 10 Grand Finale at **Agritech Hackathon**, Paavai Engineering College
- Top 10 Finalist & Certificate of Excellence at **TechSprint VIBE 1.0 Hackathon**
- 2nd Place in **Quantum Quiz Competition**, Quantum Computing Week 2026
- Advanced to National Level (Level 3) in **Srinivasa Ramanujan Mathematical Competitions**
- Contributed to **Mega SVEEP World Record** for voter awareness (8,662 participants)

Certifications

- **Ignite Bootcamp - Venture Idea Development** – Wadhvani Foundation (Mar 2026)
- **Getting Started with Artificial Intelligence** – IBM SkillsBuild (Feb 2026)
- **VLSI Design Certification** – EDU TANTR
- **JNCIA-Junos Associate & JNCAA (Junos)** – Juniper Networks
- **MATLAB Onramp** – MathWorks
- **VLSI Course** – CORIZO
- **Silver Certificate (Pro Skills)** – LIVEWIRE
